

Frankford Township Teacher Evaluation Results

School Year 2009-2010

Teachers are evaluated throughout the year by classroom observations. Each staff member is then given an end of year evaluation. Below is the data collected and posted as required of the Department of Education.

Numbers of teachers meeting the district's criteria for acceptable performance	Number of teachers in School	Percent of teachers in school meeting these criteria
72	72	100%

The principal evaluation data has not been posted as per the Department of Education. They only require posting of the data for a school that has more than ten principals due to confidentiality.
